SAURABH BAHADUR

Full Stack Developer | JAVA | MERN

9519941294

singhsaurabhbahadur@gmail.com

DS Tower , Gurgaon, HR 122002

❖ Profile Summary :

Motivated MCA graduate with hands-on experience in developing impactful projects. Successfully created a variety of web applications demonstrating proficiency in building scalable solutions. Developed a web application following MVC architecture with Node JS, Express JS, and MongoDB, incorporating Cloudinary for image management and Mapbox for interactive mapping. Hosted applications on GitHub for version control and deployed using platforms like Render for seamless hosting. Possessing a strong foundation in various programming languages, frameworks, and technologies, along with problem-solving skills, I am eager to contribute my expertise to innovative projects in a professional environment.

❖ Skills :

Programming Language	Java	JavaScript	Python	PHP
Frameworks	Express JS	React JS	Spring Boot	
Databases	MongoDB	MySQL		
Web Technologies	HTML	CSS	Bootstrap	Tailwind
Other	Node JS	Data Structures and Algorithms	Object Oriented Programming	Operating System / Computer Networks
Additional	Problem Solving	DBMS		

❖ Education :

Master in Computer Application	*Dr. APJ Abdul Kalam Technical University Lucknow , UP*	*2024*
Bachelor in Computer Application	*Shri Ramswaroop Memorial University Lucknow , UP*	*2020*
12th	*B.K.D Aldrich Public School Orai , UP*	*2017*
10th	*Morning Star Children Sr. Sec. Academy Orai, UP*	*2015*

❖ <u>Academic</u> <u>Projects</u> :

1. **Atithi Devo Bhava**

   Developed a web application, embodying the ethos of "Atithi Devo Bhava," the Indian philosophy treating guests as gods. Employed the MVC (Model-View-Controller) architecture, utilizing Node JS and Express JS for the backend, with MongoDB as the database. Crafted responsive frontend components using HTML, CSS, and JavaScript, with Bootstrap 5 for design fluidity. Leveraged Cloudinary for streamlined image uploading and storage. Managed version control on GitHub and facilitated seamless deployment using Render. Enhanced user experience with Mapbox for interactive mapping functionality.

   Backend: Node JS, Express JS, MongoDB
   Frontend: HTML, CSS, JavaScript, Bootstrap 5
   Image Management: Cloudinary
   Version Control & Hosting: GitHub, Render
   Mapping: Mapbox

2. **Tour India Tourism**

   Designed and developed the Tour India Tourism website to showcase the beauty and diversity of Indian tourism destinations. Utilized HTML, CSS, and Bootstrap 4 for creating a visually appealing and responsive user interface. Implemented interactive features and functionalities using JavaScript to enhance user engagement. Leveraged PHP for server-side scripting and integrated with MySQL database managed through phpMyAdmin on XAMPP for seamless data storage and retrieval.

   Frontend: HTML, CSS, Bootstrap 4, JavaScript
   Backend: PHP
   Database: MySQL
   Server Environment: XAMPP, phpMyAdmin

❖ <u>Certificates</u> :

Java with DSA and System Design 2.0	PW Skill	**April 2024**
Full Stack Web Development (MERN) + Deployment	Apna College	**Jan 2024**
Digital Marketing Automation	Udemy	**Jan 2024**
Introduction to Programming using Python	LBSIMDS	**Jun 2023**
Web Application Using PHP	Nova Edge	**August 2019**

❖ <u>Interest</u> :

- **Computer Gaming:** Enjoy exploring virtual worlds and engaging in strategic gameplay to sharpen problem-solving skills and foster teamwork.
- **Coding:** Passionate about programming in languages like Java , JavaScript , Python, MERN to develop innovative solutions and contribute to projects.
